Iranian Jewish Women's Organization

We the members of IJWO along with our families, friends and community, wholeheartedly express our deep sorrow, pain, and anguish about the horrific inhumane act of violence towards Israel.

This act of war, which coincides with one of the holiest days of Shabbat & Simcha Torah, in fact has turned this day to a deeply sad one in our life.

We stand firm by the people of Israel, pray for the large number of dead, and wish tolerance for the families of victims.
